**CONSENT OF ASSIGNEE TO CHANGE OF INVENTORSHIP  
UNDER 37 C.F.R. 1.48(a)(5)**

Commissioner for Patents  
Washington, DC 20231

1. The assignee, Surgical Sealants, Inc., states that it is the assignee of the entire right, title, and interest in and to the above-identified patent application by virtue of two assignment documents. One assignment was recorded by the U.S. Patent and Trademark Office on April 29, 2002, at reel 012873, frame 0066. A second assignment document, from Eugene Pashkovski to Surgical Sealants, Inc., is being submitted to the Assignment Branch concurrently with this paper. A copy of this second assignment document is attached as Exhibit A to this paper.
2. The assignee agrees to the change of inventorship indicated in the Amendment and Petition to Correct Inventorship Under 37 C.F.R. 1.48(a) for the above-identified patent application.
3. The assignee, through its undersigned authorized representative, agrees to the addition of Eugene Pashkovski as an inventor along with the currently named inventors, James Wilkie, James Rolke, Luis Burzio, Shekharam Tammishetti, and Sanyog Manohar Pendharkar.

Date: May 21, 2003

Respectfully submitted,

ASSIGNMENT

WHEREAS, We, James Wilkie, James Rolke, Luis Burzio, Shekharam Tammishetti, Sanyog Manohar Pendharkar, and Eugene Pashkovski have invented one or more improvements in:

Methods and Compositions for Sealing Tissue Leaks

described in an application (or provisional application) for Letters Patent of the United States:

- identified by Attorney Docket No. SSI-011, and/or executed by us of even date herewith and about to be filed in the United States Patent Office;
- Serial No. 09/747,293 filed in the United States Patent Office on December 22, 2000;  
and

WHEREAS, Surgical Sealants, Inc. (hereinafter "ASSIGNEE"), a corporation organized and existing under the laws of the State of Delaware, and having a usual place of business at 150 New Boston Street, Woburn, MA 01801 desires to acquire an interest therein, in accordance with agreements duly entered into with us;

NOW, THEREFORE, to all whom it may concern be it known that for and in consideration of said agreements and of other good and valuable consideration, the receipt of which is hereby acknowledged, we have sold, assigned and transferred and by these presents do hereby sell, assign and transfer unto said ASSIGNEE, its successors, assigns, and legal representatives, our entire right, title and interest in and throughout the United States of America, its territories and all foreign countries, in and to the inventions described in said application, together with our entire right, title and interest in and to said application and such Letters Patent as may issue thereon or claim priority under international convention, including but not limited to continuations, divisionals, reissues, and reexaminations of said application or such Letters Patent; said inventions, applications and Letters Patent to be held and enjoyed by said ASSIGNEE for its own use and behalf and for its successors, assigns and legal representatives, to the full end of the term for which said Letters Patent may be granted as fully and entirely as the same would have been held by us had this assignment and sale not been made; we hereby convey all of our rights arising under or pursuant to any and all international agreements, treaties or laws relating to the protection of industrial property by filing any such applications for Letters Patent. We hereby acknowledge that this assignment, being of our entire right, title and interest in and to said inventions, carries with it the right in ASSIGNEE to apply for and obtain from competent authorities in all countries of the world any and all Letters Patent by attorneys and agents of ASSIGNEE's selection and the right to procure the grant of all Letters Patent to ASSIGNEE for its own name as assignee of our entire right, title and interest therein.

AND, we hereby further agree for ourselves and our executors and administrators to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the aforesaid invention to said ASSIGNEE, its successors, assigns, and legal representatives, but at its or their expense and charges, including: the execution of applications for patents in foreign countries; the execution of substitution, reissue, divisional or continuation applications; and preliminary or other statements or the giving of testimony in any interference or other proceeding in which said inventions or any application or patent directed thereto may be involved; and we further hereby authorize ASSIGNEE or its attorneys or agents to insert the correct serial number and filing date into this assignment, if none is indicated on that date of our execution of this assignment;

**Joint Assignment**
